

February 2012 Total Passengers Up 7.44% Over 2011

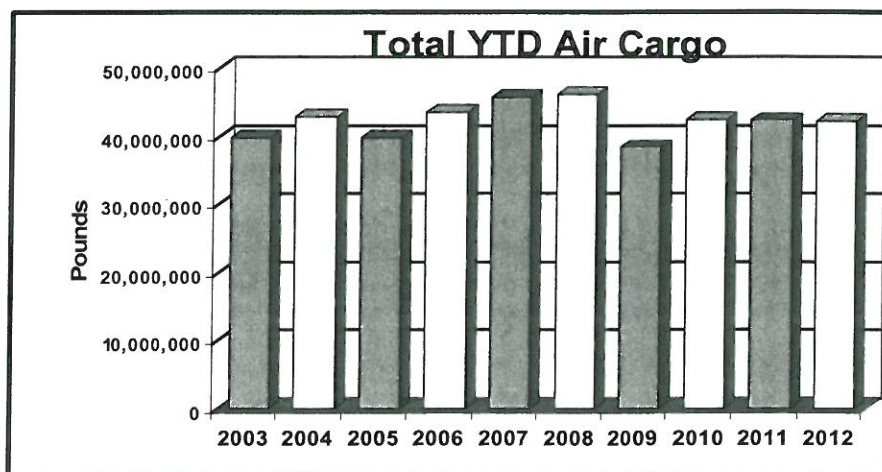

Domestic Passengers Increased 5.3% While International Passengers Were Up 127%

When compared to February 2011, San Antonio International Airport (SAT) total boarding passenger counts (288,861) increased 6.5%. The total enplaned and deplaned passenger figures (586,356) increased 7.4%. During this month, domestic passenger statistics (564,019) were up 5.3% while international passenger numbers (22,337) were up 126.7%. The large international passenger increase was primarily due to increased seats in the San Antonio market as a result of new Mexican-based airlines entering the market in late 2011.

For calendar year-to-date (YTD) through February 2012, total SAT passenger counts are 1,192,859 and are ahead by 4.9% compared to 2011. Of that number, domestic passengers are 2.2% ahead of 2011 and international passengers are 166% above 2011 counts.

Through February 2012, calendar YTD total air cargo in pounds (42,253,615), which includes both freight and mail, was slightly down by .33% when compared to the same period in 2011.
