SAN ANTONIO AIRPORT SYSTEM

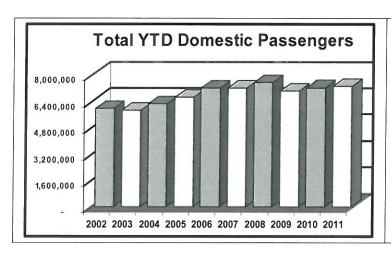

NEWS RELEASE

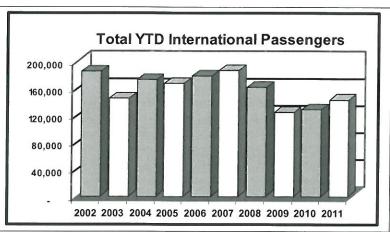

Total Passenger Numbers Up 3.1% in November 2011

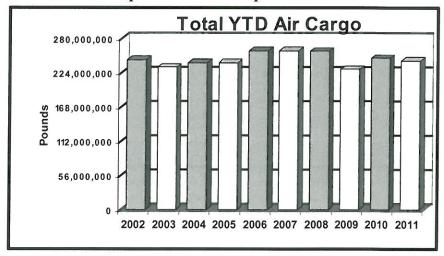

San Antonio International Airport (SAT) total boarding passengers (338,426) for November 2011 increased 2.4% compared to the same month in 2010 The combined total of enplaned and deplaned passengers (683,236) for November 2011 was up 3.1%. November's total domestic passenger count increased 2.13% over November 2010 and international passenger numbers were up 88.7% for the same period. The large international passenger month-over-month increase was primarily due to additional seat capacity. Following Mexicana's bankruptcy and cessation of flights in August 2010, Aeromexico increased seat capacity with larger aircraft and additional frequencies during early 2011. vivaAerobus entered the market in November 2011.

Calendar year-to-date (CYTD) SAT enplanement counts (3,730,032) are ahead by 1.2% when compared to the same period in 2010. The total enplaned and deplaned passenger figures (7,489,009) through November 2011 are up 1.7%. Total CYTD domestic passenger statistics remain positive, up by 1.5%, while international passenger numbers show an increase of 11.6%.

Total CYTD air cargo counts through November 2011 (243,407,255 pounds of air freight and air mail) are down 1.8% when compared to the same period in 2010.
