

SAN ANTONIO INTERNATIONAL AIRPORT FLY EASIER. FLY SAN ANTONIO

Airports are the gateway to a destination, often forming a traveler's first impression of a city. San Antonio International Airport is no different and has made a concerted effort to create a sense of space with that unique San Antonio flair.

From restaurants showcasing local flavors to friendly ambassadors who give visitors a first glimpse at our warm, small town feel, SAT is on point with the customer experience. And a dedicated Arts and Culture Manager ensures visitors and locals alike experience San Antonio's music and art talent whether they're just passing through, arriving for a leisure or business trip or coming back home.

Arts

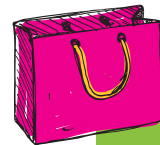

Permanent exhibits and installations, as well as rotating temporary exhibits in the Galleries @ SAT, showcase San Antonio's deep bench of talent and engage the traveling public in the city's thriving arts community.

SAT Live

SAT's year-round performing arts program elevates the customer experience with performances by local artists and schools. This program has produced over 1,200 performances since 2018.

Dining & Shopping

San Antonio is a UNESCO Creative City of Gastronomy and SAT reflects that through the wide array of local restaurant and bar offerings in addition to national chains. SAT is constantly working to increase local food and retail options, including a San Antonio Spurs Fan Shop.

J.D. Power and Associates ranked SAT No. 6 among mid-size airports based on customer satisfaction surveys in 2019. The ranking is a jump from its No. 13 ranking in 2018.
