

***SAT Passenger Counts for September 2011 Increased 6%***

When compared to September 2010, San Antonio International Airport (SAT) total boarding passenger numbers (321,083) for the month of September 2011 increased 5.4%. The combined total of enplaned and deplaned passengers (640,659) for September 2011 was up 6%. September's total domestic passenger count increased 5.3% over September 2010 and international passenger numbers were up 66% for the month. The large international passenger month-over-month increase was primarily due to increased capacity. Capacity was greatly reduced when Mexicana left the market in August 2010 after declaring bankruptcy.

Calendar year-to-date SAT enplanement counts (3,040,705) are ahead by 1.2% when compared to the same period in 2010. The total enplaned and deplaned passenger figures (6,099,403) through September 2011 are up 1.7%. Total calendar year-to-date domestic passenger statistics remain up by 1.6%, while international passenger numbers show an increase of 3.3%.

Total year-to-date air cargo counts through September 2011 (199,633,070 pounds of air freight and air mail) are down 1.9% when compared to the same period in 2010.

For additional information, contact Barbara Prossen, A.A.E. at (210) 207-3459.
