# **Airport Recovery Continues into 2023**

#### **SUMMARY**

San Antonio International Airport (SAT) continues to see passenger numbers rebound from the COVID-19 pandemic. In March 2023, the airport's passenger numbers reached 862,598. This represents an increase of 10% compared to the same month in 2022.

The airport continues to compare its numbers to those in 2019 to better understand its recovery. 2019 was a record year for the airport with more than 10 million passengers flying through the terminals. During March 2023, the airport saw 95% of March 2019's passenger levels.

Airlines continue to add capacity to the San Antonio market. Several airlines flew more seats to San Antonio this month than the same month in 2019. The airlines with the largest increases in service included Aeromexico (AM), Alaska Airlines (AS), Delta Air Lines (DL), and Volaris (Y4). Additionally, new airlines began flying from San Antonio since 2019 including JetBlue Airways (B6), Spirit Airlines (NK), and VivaAerobus (VB).

Additionally, a total of 22,415,296 pounds of air cargo moved through SAT during the month of March 2023. This is slightly below levels seen during the same month in both 2022 and 2019. For more detailed information see the included charts.

## **Upcoming Changes**

Spirit Airlines will continue to expand from SAT with new, daily nonstop service to Los Angeles (LAX) which launches on May 5<sup>th</sup>.

Delta Air Lines (DL) will resume daily nonstop service to New York (JFK) on May 8<sup>th</sup>. The airline will join existing nonstop service to the New York Metro that is currently operated by JetBlue Airways (B6) to New York (JFK) and United Airlines (UA) to Newark (EWR).

Delta Air Lines (DL) will add a third daily flight to Detroit (DTW) on May 8<sup>th</sup>. This not only will provide more options to the city of Detroit but open additional connections throughout the world via Delta's hub.

Sun Country Airlines (SY) will resume seasonal service to both Cancun (CUN) and Minneapolis-St. Paul (MSP) before Memorial Day Weekend. Flights to Cancun (CUN) will operate 4x per week on Sundays, Mondays, Thursdays, and Fridays through mid-August.

Southwest Airlines (WN) will increase nonstops to Cancun (CUN) to daily beginning on June 3<sup>rd</sup> for the summer season.

Delta Air Lines (DL) will add a third daily flight to Minneapolis-St. Paul (MSP) on June 20<sup>th</sup> providing more options to the Twin Cities and additional connecting opportunities throughout the world.

Southwest Airlines (WN) will increase nonstops to Baltimore/Washington (BWI) to 3x daily (weekend service will remain at 2x daily) beginning on July 11<sup>th</sup>.

Currently served less than daily seasonally, Southwest (WN) will resume daily nonstop service to Kansas City (MCI) on July 11<sup>th</sup>.

Nonstop service to San Diego (SAN) on Southwest Airlines (WN) will increase to 2x daily beginning on October 5<sup>th</sup>.

#### **DOMESTIC PASSENGERS**

SAT continues to compare passenger numbers to 2019 levels to better understand and monitor the recovery. Total scheduled domestic capacity, or seats, were slightly below 2019 levels while domestic passenger numbers were down 6% compared to March 2019.

Several airlines flew more passengers during March 2023 than the same month in 2019 showing not only recovery but significant growth in our market. These include Alaska Airlines (AS) and Delta Air Lines (DL).

New airlines have contributed to these numbers including both JetBlue Airways (B6) and Spirit Airlines (NK) which both have launched nonstop service from SAT to various cities since the pandemic.

While domestic service levels were still slightly down at SAT in March, the following routes had more capacity this month than in March 2019:

- Alaska Airlines (AS) to Seattle (SEA)
- American Airlines (AA) to Miami (MIA)
- Delta Air Lines (DL) to Detroit (DTW), Los Angeles (LAX), Minneapolis-St. Paul (MSP), and Salt Lake City (SLC)
- Frontier Airlines (F9) to Las Vegas (LAS) and Orlando (MCO)
- Southwest Airlines (WN) to Atlanta (ATL), Denver (DEN), Houston (HOU), Nashville (BNA), New Orleans (MSY), Orlando (MCO), and Phoenix (PHX)
- United Airlines (UA) to Denver (DEN), San Francisco (SFO), and Washington (IAD)

### **INTERNATIONAL PASSENGERS**

An impressive increase in both international capacity and passengers to and from SAT has helped recovery at the airport. SAT's scheduled international capacity increased by 20% when compared to March 2019 while international passenger numbers increased by 15%.

All the airlines that operate international service from SAT added more seats to the market than in March 2019. Much of this increase in capacity was a result of pandemic closures to the land border. Since its reopening last fall, demand and capacity has remained higher than prepandemic levels at SAT indicating that many travelers have decided to fly rather than drive to and from Mexico.

SAT ranked #2 among all U.S. medium-hub airports in terms of total seats to Mexico for March 2023. When looking at all U.S. airports, SAT ranked #18 between Houston (HOU) and Salt Lake City (SLC). In terms of total international seats, SAT ranked #36 out of all 71 U.S. airports that had international service during March.

When comparing year-over-two-year international capacity changes, the results were based on the following:

- Aeromexico (AM) increasing frequency from daily to two/three times daily to Mexico City (MEX).
- Southwest (WN) increasing capacity on Cancun (CUN) nonstops and expanding the service year-round.
- Sun Country (SY) beginning nonstop service to Cancun (CUN) in 2021 and increasing frequencies in 2022.
- VivaAerobus (VB) entering the market with nonstop service to Leon/Guanajuato (BJX), Mexico City (MEX), and Monterrey (MTY).
- Volaris (Y4) nearly doubling their frequencies to both Guadalajara (GDL) and Mexico City (MEX).
