Subject: May 2023 Monthly Statistics

Date: June 21, 2023

Record Breaking May Passenger Levels

SUMMARY

In May 2023, the airport's passenger numbers reached 932,059. Not only was this the busiest May in the airport's history, but it was also the first-time monthly passenger numbers for the month reached higher than 900,000. This represents an increase of 15% compared to the same month in 2022.

The airport continues to compare its numbers to those in 2019 to better understand its recovery. 2019 was a record year for the airport with more than 10 million passengers flying through the terminals. Passenger levels seen during May 2023 were 4% higher than the same month in 2019.

Airlines continue to add capacity to the San Antonio market. Several airlines flew more seats to San Antonio this month than the same month in 2019. The airlines with the largest increases in service included Aeromexico (AM), Alaska Airlines (AS), Delta Air Lines (DL), Sun Country (SY), United Airlines (UA), Southwest Airlines (WN), and Volaris (Y4). Additionally, new airlines began flying from San Antonio since 2019 including JetBlue Airways (B6), Spirit Airlines (NK), and VivaAerobus (VB).

Additionally, a total of 20,750,537 pounds of air cargo moved through SAT during the month of May 2023. This is below levels seen during the same month in both 2022 and 2019. For more detailed information see the included charts.

Upcoming Changes

Southwest Airlines (WN) will increase nonstops to Baltimore/Washington (BWI) to 3x daily (weekend service will remain at 2x daily) beginning on July 11th.

Currently served less than daily seasonally, Southwest (WN) will resume daily nonstop service to Kansas City (MCI) on July 11th.

Nonstop service to San Diego (SAN) on Southwest Airlines (WN) will increase to 2x daily beginning on October 5th.

American Airlines (AA) will increase nonstop service to Dallas-Ft. Worth (DFW) to 13x daily on October 5th. Not only does this give passengers more options to the Dallas-Ft. Worth region, but easier one-stop options to destinations throughout the world via American's hub at DFW.

DOMESTIC PASSENGERS

SAT continues to compare passenger numbers to 2019 levels to better understand and monitor the recovery. Total scheduled domestic capacity, or seats, were up nearly 7% compared to 2019 levels while domestic passenger numbers were above 2019 levels by 3%.

Several airlines flew more passengers during May 2023 than the same month in 2019 showing not only recovery but significant growth in our market. These include Alaska Airlines (AS), Delta Air Lines (DL), Sun Country (SY), and United Airlines (UA). While not reaching 2019 levels, Southwest Airlines' (WN) passenger levels were only down 1%.

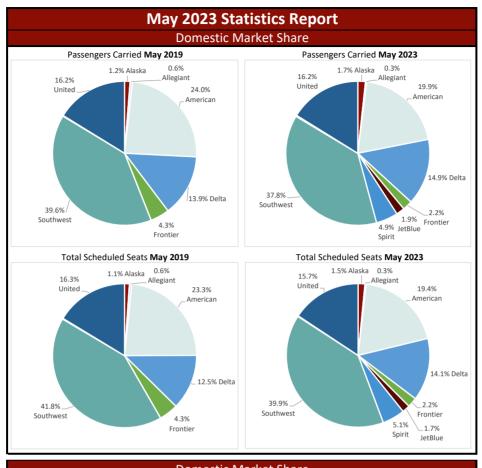

New airlines have contributed to these numbers including both JetBlue Airways (B6) and Spirit Airlines (NK) which both have launched nonstop service from SAT to various cities since the pandemic.

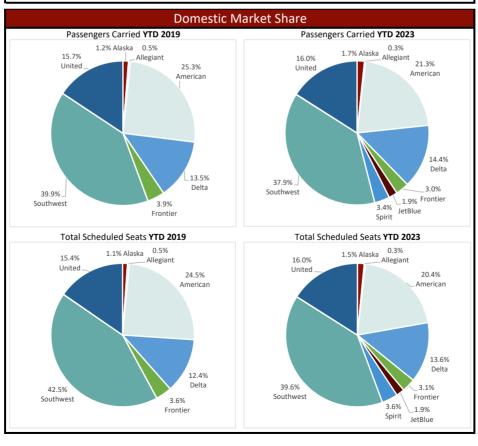

The following routes had more capacity this month than in May 2019:

- Alaska Airlines (AS) to Seattle (SEA)
- Allegiant Airlines (G4) to Las Vegas (LAS)
- American Airlines (AA) to Charlotte (CLT) and Phoenix (PHX)
- Delta Air Lines (DL) to Atlanta (ATL), Detroit (DTW), Los Angeles (LAX), Minneapolis-St. Paul (MSP), and Salt Lake City (SLC)
- Frontier Airlines (F9) to Las Vegas (LAS)
- Southwest Airlines (WN) to Chicago (MDW), Denver (DEN), El Paso (ELP), Houston (HOU), Las Vegas (LAS), Nashville (BNA), New Orleans (MSY), Orlando (MCO), and Phoenix (PHX)
- Sun Country (SY) to Minneapolis-St. Paul (MSP)
- United Airlines (UA) to Denver (DEN), Newark (EWR), San Francisco (SFO), and Washington (IAD)

INTERNATIONAL PASSENGERS

An impressive increase in both international capacity and passengers to and from SAT has helped recovery at the airport. SAT's scheduled international capacity increased by 45% when compared to May 2019 while international passenger numbers increased by 22%.

All the airlines that operate international service from SAT added more seats to the market than in May 2019. Much of this increase in capacity was a result of pandemic closures to the land border. Since its reopening, demand and capacity has remained higher than pre-pandemic levels at SAT indicating that many travelers have decided to fly rather than drive to and from Mexico.

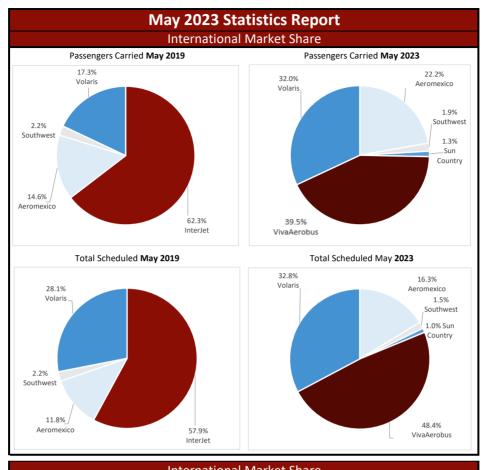

SAT ranked #1 among all U.S. medium-hub airports in terms of total seats to Mexico for May 2023. When looking at all U.S. airports, SAT ranked #13 between Seattle (SEA) and Chicago (MDW). In terms of total international seats, SAT ranked #35 out of all 67 U.S. airports that had international service during May.

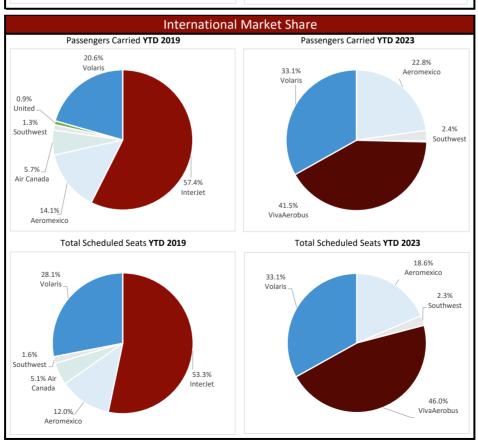

When comparing year-over-two-year international capacity changes, the results were based on the following:

- Aeromexico (AM) increasing frequency from daily to two/three times daily to Mexico City (MEX).
- Southwest (WN) increasing capacity on Cancun (CUN) nonstops and expanding the service year-round.
- Sun Country (SY) beginning nonstop service to Cancun (CUN) in 2021 and increasing frequencies in 2022.
- VivaAerobus (VB) entering the market with nonstop service to Leon/Guanajuato (BJX), Mexico City (MEX), and Monterrey (MTY).
- Volaris (Y4) nearly doubling their frequencies to both Guadalajara (GDL) and Mexico City (MEX).
